

Bob Sick Yudhita (Bob Yudhita Agung)

Born in 1971 in Yogyakarta, Indonesia, Bob Sick currently lives and works in Yogyakarta, Indonesia. Strongly influenced by Jean-Michel Basquiat and pop cultures including music and tattoo art, the primitive-naive charms Bob's works expressing a sense of social awareness. In the early 90's, Bob has found himself a distinctive style in mixed-media painting in a fairly short time. He has become the golden boy of the Indonesian Institute of Arts, Yogyakarta, received several awards including the Affandi Prize in 1994. A sense of losing one's direction in life has come to Bob with its sudden and unexpected success, haunted him for years until 2000. He realized the true meaning of painting, genuine happiness of living, and decided life is too beautiful to be wasted.

To Bob, pain and bliss, both psychological and physical, these are significant elements that he has continuously explored throughout the evolution of his creations. Out of the pain, there is bliss. There are still beautiful faces and moments at every turns of the life; paint exists as a beautiful language through the vibrating colors and melodious compositions of his paintings. "I believe I can fly, with paint I believe can fly. Don't worry, be happy. Nothing needed to be worried to paint..... I believe life is beautiful."
